

Student Engagement Policy

OBJECTIVE:

This policy is underpinned by the College values of respect, cooperation and independence and aims to guide Ashdale Secondary College staff and students in maintaining an atmosphere in the College whereby students are actively engaged in the curriculum and are provided with interesting ways to learn.

OUTCOMES:

1. A positive classroom and College environment for all members of the College community, where students feel cared for by College staff and in turn develop a sense of belonging and respect for the College and its staff. Teachers know their students well, build on their strengths and encourage them to persist with tasks until they succeed.
2. Student achievement across all learning areas, supported by future focused programs that utilise current best practice in teaching and learning.
3. Student wellbeing and the prevention of inappropriate behaviour enhanced through a focus on early intervention and prevention.

RATIONALE:

Ashdale Secondary College's Student Engagement Policy represents a whole College approach towards ensuring a safe, caring and productive learning environment. It is grounded on the belief that all students have both the ability and the right to learn.

Students are more likely to be engaged with their learning and behave well if they are in an environment where they feel respected and capable. The crux of successful behaviour support is acting to meet students' needs rather than simply reacting when they misbehave. Behaviour is learned, therefore, ASC staff will view behaviour in educational terms and have educational strategies to manage it. Staff will promote positivity, choice and reflection. Staff will help students who misbehave to:

- Learn more productive and responsible behaviour.
- Reflect on their behaviour and the consequences and assist in the development of strategies to change the behaviour.
- Analyse the situation in which it occurs and implement specific behaviour intervention strategies.
- Take action to enable them to find ways of belonging in more socially acceptable ways.
- Experience success in their learning progress at their level of development.

PRINCIPLES:

The following principles will guide ASC in the management of all student behaviour:

- Our duty to ensure the safety of students and staff drives the implementation of teachers' behaviour management processes
- The use of appropriate curriculum and learning programs will encourage engagement by students.
- Student behaviour is best managed in ways that promote restorative practices and are educative in nature.
- All decisions relating to the management of student behaviour and the implementation of policy are made according to the principles of procedural fairness.
- Student behaviour must not be viewed in isolation but as part of an interaction between the student, staff and the College community and environmental factors.

- School staff will demonstrate accountability for evidence based decision making, reporting and referral to appropriate support, and record keeping.

To set a plan in place for engaging students in being active, successful learners and citizens, the following core assertions guide our actions inside and outside the classroom. As members of the Ashdale Secondary College community we agree that:

- All ASC students are important people
- All ASC students are capable of learning and achieving the goals they set for themselves
- All ASC decisions are based on honest, consistent and considered communication between students, parents, teachers and the wider school community
- All members of the ASC community have an integral role in modelling and enacting positive relationships to promote a healthy school culture
- All ASC behaviour management processes ensure a balance between consequences and restorative justice strategies to effect positive and actual change
- ASC's ultimate aim is to ensure that the College's programs, policies and actions help to further develop the growth of young members of the community who are able to meet the emotional, physical and mental demands of life in a technologically advanced and socially complex society.

COLLEGE VALUES:

ASC will continue to uphold, promote and celebrate behaviour that reflects the College's established Positive Behaviour Support values of respect, cooperation and independence.

Through a consultation process involving all staff and students, these values have been defined as:

Respect: Thinking and acting in a way that values and expresses care about oneself, others and the environment

Cooperation: Actively contributing and collaborating towards common goals

Independence: Showing initiative and resilience both in familiar surroundings and when adjusting to new situations

SUSPENSION:

At Ashdale Secondary College we strive to provide the highest standard in pastoral care to all of our students. This includes supporting students with managing their behaviour and ensuring the College is a safe and supportive environment for all.

In the majority of cases, undesirable behaviour is resolved through positive teaching practices, effective classroom management, guided reflection and, where necessary, appropriate school-based sanctions. The College considers suspension to be a severe sanction that is reserved only for circumstances where on-site behaviour support methods are not deemed appropriate.

The Principal may suspend a student from a period of attendance at the College as noted in our Engagement Policy. Suspension of attendance may be for the whole or part of each day during the suspension period.

A suspension may be deemed necessary by the Principal when a student's behaviour causes significant disruption to themselves, other students or staff, and is for the purpose of providing an opportunity:

- for the student, other students and staff to calm and recover.
- for all to reflect on and learn from the incident, including where appropriate participating in restorative processes.
- for the College to evaluate existing behaviour support plans, meet with any internal or external stakeholders, seek advice on how better to support the student, and put in place any adjustments to plans, resources, staff or strategies that may be required.
- for the parents / care givers to meet with the College to discuss the student's behaviour.

When a student is suspended from attendance at Ashdale Secondary College the following process will be followed:

- Parents will be informed of their child's behaviour and notified of the College's intention to suspend.
- Parents may be asked to collect their child from school that day if deemed necessary.
- The suspended student will be required to attend a re-entry meeting with their parents on the morning they return to school (before release back into our duty of care).
- Parents, the suspended student and College staff will confirm further support if required such as a documented plan.

SCHOOLWIDE INSTRUCTIONAL FRAMEWORK:

To support the provision of a positive classroom environment where quality teaching and learning fosters achievement for all students across all learning areas, Ashdale Secondary College has implemented a schoolwide pedagogical framework, known as the LEARN and GROW instructional framework.

The LEARN & GROW instructional framework's structures and approaches to teaching and learning ensure a widespread use of successful teaching practices, and make best practice common practice.

The LEARN & GROW instructional framework also promotes Collective Teacher Efficacy. This refers to a shared belief amongst staff that through their collective action, they can positively influence student outcomes, including those who are disengaged and/or disadvantaged.

Educators with high efficacy show greater effort and persistence, a willingness to try new teaching approaches, set more challenging goals, and attend more closely to the needs of students who require extra assistance. In addition, when collective efficacy is present, staff are better equipped to foster positive behaviour in students and in raising students' expectations of themselves by convincing them that they can do well in school.
